

LAND FRAUDS ARE VERY SMALL

Secretary Hitchcock As- serts Their Extent Has Been Greatly Ex- aggerated

MORE DISMISSALS

Others Besides Asa Thomp- son Will Be Relieved of Duty Within Short Time.

Washington, Oct. 29.—In discussing the indictment in Oregon of Asa H. Thompson and his dismissal as re- ceiver of the government land office at La Grande, that state, Secretary of the Interior Hitchcock declared that other dismissals will follow. "We will have no wholesale cleaning out," he said, "but Thompson will not be the only one to go. The extent of the frauds has been exaggerated. I would say that something like 1,000,000 acres of timber land worth from \$1.25 to \$1.50 an acre is involved which would not bring the frauds to anything like \$20,000,000, as alleged in some of the newspaper reports."

Few Officials Are Involved. Neither Oregon senator will make a defense for Thompson. Senator Fulton of Oregon declared stories of the land frauds are greatly exaggerated. "I don't think you will find many public officials involved," he said. "It is true there is a conspiracy, but it is principally among private citizens, aided and abetted by a few officials perhaps. But I do not believe officials are largely involved nor will it run up into the millions."

ASK ALUMNI TO MEET SATURDAY

President Van Hise Asks Recent Graduates To Meet Before the Game.

Interest in the Chicago-Wisconsin game continues to be brisk and many Janesville football enthusiasts have planned to go to Madison on that date to see just what all the "ruction" will be about. Many of them are alumni of the university and they are more than anxious to see the cardinal win from the maroons.

Additional interest for the alumni has been brought to play by President Van Hise in calling a meeting of the visiting alumni for 11:30 on that morning to discuss university affairs. Invitations have been sent out to many of the alumni throughout the state asking them to be present and without a doubt many will attend. Many questions of policy are to be brought up and as this is a custom much used in the east and keeps the alumni closer in touch with their Alma Mater it will without doubt be well received by the graduates throughout the state.

The invitation is as follows:

October 22, 1903.  
My Dear Sir: A large number of alumni from various parts of the country are likely to be in Madison the morning of October 31st. I would like to have a conference upon university affairs with such visiting alumni in Room 16 of University Hall, at 11:30 a. m. of that day. If you are to be in Madison I hope you will be able to attend this meeting. Also I shall regard it as a favor if you will ask other alumni to be present, and give notice of the meeting through the local newspapers.

Yours very truly,

C. R. VAN HISE.

On Friday evening there will be a mass meeting of the students and their supporters in the big gymnasium. Governor La Follette will speak and members of the football team and prominent alumni will tell what ought to be done to Chicago and which will doubtless be done. The girls of Chabourn hall have had several meetings to learn the songs to be sung at the game and everything points to a most enthusiastic day Saturday.

LEAVE FOR NORTH ON NEXT TUESDAY

Nimrods and Isaac Waltons Will Soon Get Busy at Pickerel Lake.

The Ken-No-She-a Fishing and Hunting club expect to leave for their regular fall outing next Tuesday and the members are looking forward to this season's sport with much eagerness. They will go to their hunting lodge on the shore of Pickerel lake, Forest county, Wisconsin, where undisturbed they can chase the dozens of the woods and inland seas. It is not now known how many will be able to get away this year, but a good crowd is expected. The officers of the club are, William Appleby, president, F. C. Burpee, secretary and treasurer, and a board of directors consisting of Appleby, C. H. Schwartz and Sanford Soverhill.

LIVELY CHASE OF BRIDAL PARTY

Mr. and Mrs. Percy Munger Start Life in a Most Strenuous Manner, Assisted by Friends.

Yesterday afternoon at four o'clock Miss Fanny Rumrill and Mr. Percy Munger were united in marriage at the home of the bride's parents on Linn street. The proverbial saying "All was pleasant as a marriage bell" would hold good in this case until the time the young couple were to start to the train. Then their married troubles really began.

A Howling Mob As soon as the carriages started for the train with the bridal couple and the best man and maid of honor on board two huge carryalls were loaded with the wedding guests and with fifteen pounds of rice on board, and all the old shoes they could collect and numerous tooting tin horns, the merry party started for the same train to see the Mr. and Mrs. Munger were given a true Janesville send-off.

Long Chase The driver of the wedding carriage was onto his job, however, and the manner in which he drove through the side streets, and railroad yards was a caution. Finally when it was seen that the taking of the train was an impossibility it was decided to drive to Spring Brook and take the interurban there for Beloit and catch a train from there. This was done.

Another Surprise Here another surprise awaited them. On the car was some twenty of the friends who had just thought out the same plan and they were ready for the ending. Then followed another dash through the city and up back streets and down lanes until the horses of the two carryalls were tired out and distanced.

Left This Morning Finally when all hopes of leaving the city last night were over Mr. and Mrs. Munger drove to the A. L. Fisher homestead where they remained all night the guests of the best man, Mr. Evert Fisher, and his sister, Miss Minerva Fisher, who had acted as maid of honor. Mr. and Mrs. Munger continued their interrupted wedding trip this morning, leaving on the 7:10 train.

ROOSEVELT THE FRIEND OF PEACE

French Diplomat Announces This Fact to the French Chamber.

Paris, Oct. 29.—Baron d'Estournelles de Constant, addressing the arbitration group of the chamber of deputies today, gave the credit for recent anti-war treaties and negotiations to the stand President Roosevelt has taken in support of The Hague Tribunal. He said that the Anglo-French treaty was only the first step. Denmark was seeking arbitration without limitations, and France would probably agree. Treaties would also be signed between Denmark and Norway and Sweden. Concerning Great Britain he said: "Her most responsible officials have told me the arbitration convention was only one of three ends desired, the second being a general liquidation of all outstanding difficulties and the third an agreement for the limitation of naval expenses."

STATE NOTES

The potato starch factory at Hancock has opened for a two months' run.

The L. B. Rowell company has begun the erection of a new factory at Menomonie Falls.

The state convention of the Wisconsin Woman's Suffrage association opens at Brodhead today.

Charles Dahlen was seriously injured about the head by a dynamite explosion in the Mellen quarry.

The Fond du Lac board of education has decided to introduce physical culture into the public schools.

John Retell of Oshkosh claims to have been held up along the river front Tuesday night and relieved of \$40.

William Mitchell's trunk was robbed of \$1,000 at the residence of John Mitchell near Palmyra, on Tuesday.

Over 600 entries have been received by the West Shore Fanciers' association for its poultry and pet stock show at Sheboygan Nov. 24 and 25.

The fifth district convention of the Women's Relief corps was held at Eau Claire, on Wednesday, Bloomer, Menomonie, Mondovi, Pepin, Chippewa Falls, and Augusta being represented.

A. H. Highfield, manager of the Webster chair factory at Superior, and Charles F. Brigham of Sheboygan have obtained control of the plant by the purchase of about \$60,000 worth of stock.

Ephraim Combs, wanted for the shooting at Crandon a short time ago, is in jail at Crandon, and James Burton, a man who has been trying to capture Combs and secure the reward of \$200, is insane.

The conference of the Unitarian ministers of Wisconsin opened at Madison Wednesday night with an address of welcome by Mrs. A. W. Moore and a sermon by the Rev. Charles E. St. John of Boston.

Convicts Are Felled.

Folsom, Cal., Oct. 28.—Three hundred convicts made a rush for the guard and tried to lynch him, but he was saved.

AWFUL ACCIDENT

Mrs. Booth Tucker, Head of the Salvation in America Was Killed in a Railway Accident on the Santa Fe Road, Late Last Night.

(Special By Scripps-Mellor.) Kansas City, Oct. 29.—Mrs. Emma Booth-Tucker, second daughter of General Wm. Booth, head of the Salvation Army, was almost instantly killed in a wreck last night on the Santa Fe near Deam Lake, Mo. Her body was terribly crushed and she died an hour after being taken from the debris. Fourteen other passengers were injured, three probably fatally. With the wounded Mrs. Booth-Tucker's body was taken to Marceline and shipped from that point to Chicago, where her husband awaits it. The wreck was caused by a loose chain dragging from the rear of one of the tourist cars catching in a switch and breaking it. Two tourist sleepers, one standard sleeper and one dining car were derailed and hurled against an iron monso steel water tank at the side of the tracks. The tourist cars were entirely demolished, but the standards were not so badly damaged.

ST. LOUIS PANIC IS ABOUT OVER

THE CAROUS TRUST COMPANY WEATHERS THE GREAT RUN.

FUNDS SENT FROM THE EAST

Many Banking Houses Have Offered Financial Aid to the Company.

(Special By Scripps-Mellor.) St. Louis, Oct. 29.—When the Carous Trust company opened its doors this morning not a sign of the continuation of the run on the deposits showed itself as a continuation of yesterday's panic scene. Confidence has been restored.

Money Pouring In Banking institutions from all parts of the country have sent notifications that they were ready to aid the concern and a half million dollars in gold left New York this morning to keep up the public confidence in the company.

DIAZ DENIES THE MURDER ACCOUNT

Says He Was Not Assaulted by a Murderer, and the Story Is False.

Mexico City, Oct. 29.—General Mena, the only minister now in the capital, has received a message from President Diaz, absolutely denying the reported attack on his life. He says Toscana was drunk and took a sensational way of celebrating. Not even the car occupied by the president was hit.

Washington, Oct. 29.—General Clayton, the United States ambassador to Mexico, wires that the report of an attempt on the life of President Diaz is without foundation.

The state department thinks Mr. Clayton must have accepted an official statement issued by the Mexican authorities, who had their own reasons for belittling the matter.

UNABLE TO DISPOSE OF CHEESE

La Crosse Company Tries Hard to Put Its Holdings on the Market.

La Crosse, Wis., Oct. 28.—Owing to an attempt to corner the cheese market in the Northwest, the La Crosse Cheese and Butter company has on hand \$300,000 worth of cheese, which is stored in warehouses in Chicago, Milwaukee and other cities, and is in financial difficulty. Traveling salesmen have been making strenuous efforts to dispose of the cheese which the company has accumulated.

DREAD HALLOWE'EN OCCURS SATURDAY

Plain Clothes' Policemen Will Patrol the Wards—Offenders To Be Severely Dealt With.

Next Saturday evening is Halloween, the eve of All Saints' Day, when the spirits of the departed are popularly, but with little popularity, supposed to wander abroad in the land destroying fences, and bling away to secret hiding places with tobacco-store Indians, barber-shop signs, gales, libra-blocks, all sorts of unhoused vehicles, clothes-lines, wood-piles, and all varieties of property removable without the aid of a traction-engine.

People Are Warned The "festival" occurs on a Saturday night this year and Janesville ghosts are known to be particularly active when the celebration occurs at the beginning of the week-end rest for mortals. Citizens are warned to keep a sharp look-out for these visitors from their other world.

Offenders to Be Punished Bad boys who seek to co-operate with the ghosts will be punished to the full extent of the law. Chief of Police Hogan and the other officers will show no mercy to those who engage in a malicious destruction of property and citizens are asked to ascertain and report the names of any persons who shall engage in this wanton pastime. No discriminations will be made and parents should keep a watchful eye on their children, that they may be spared the disgrace of accompanying them to municipal court on the following Monday morning.

GIOLITTI TAKES THE PREMIERSHIP

New Italian Cabinet Brings Radicals Into Power for the First Time.

Rome, Oct. 29.—Signor Giolitti today formally accepted the premiership. The indications are that the new cabinet will for the first time in the history of Italy, bring the radicals into power through Signor Sacchi, their leader, and some of his fellows. The only minister likely to be taken from the conservatives is Signor Luzzatti, who will probably get the finance portfolio. He is considered the most competent man to effect the reduction of interest on state bonds from 4 to 3½ per cent. Prince Colonna, mayor of Rome, is spoken of as minister of foreign affairs.

SPARKS FROM THE WIRES

Three Nome steamers—the Senator, Roanoke and Ohio—reached Seattle, Wash., bringing a total of 1,200 passengers and over \$500,000 in treasure.

The cities of Whatcomb and Fair Haven, Wash., have voted to consolidate under the name of Bellingham, after Bellingham Bay, on which both are situated.

Fire at Aberdeen, Wash., destroyed the Commercial block, containing seven stores and the postoffice. The fire was confined to that block. The loss is \$150,000.

The Girard Avenue theater, Philadelphia, was burned, entailing a loss of \$50,000. A traveling company was producing "The Minister's Daughter." All of the company's scenery and costumes were destroyed.

The parting of a towline, aided by the sea, damaged the Peru Marquette railroad bridge which spans the St. Joe river at the foot of Water street, St. Joseph, Mich. The tug Bonita and a scow jammed into the main abutment, springing it seven inches.

Will Millenberg, an electrician at Pocatello, Idaho, has received a shock from a wire charged with 33,000 volts of electricity and physicians say he will recover. His body was badly burned by the current, which was so powerful that the nails in his shoes were melted.

Alexander Casey, a wealthy mine owner of Turquoise, Ariz., walked into the Willard hotel at Tucson, of which he is owner, and began to shoot in every direction. Five officers attempted to arrest him. Casey seriously wounded Constable Pacheco. The other officers then shot and Casey was seriously and probably fatally wounded.

FIVE SLAIN IN STRIKE RIOTS

Troops Guard Bilbao Streets and Banks Against Mob Violence.

Bilbao, Oct. 29.—During fighting in the streets this afternoon five strikers were killed and a large number wounded. Troops are guarding the banks and public buildings and occupying strategic positions throughout the city. The foreign consuls have demanded from the military authorities protection for the ships of their nationalities now in port.

London Parks.

London has no less than 313 parks and open spaces, while in 1884 the number was only 103. They are reckoned to have cost \$10,995,000.

FRENCH PACT ALARMS RUSSIA

The Czar Promptly Sends Emissary To Make Inquiries Regarding Importance.

LAMSDORFF SENT

He Is Now in Paris, Where He Will Investigate the Whole Matter.

Paris, Oct. 29.—Russia's uneasiness regarding the recent development of the French rapprochement with Great Britain and Italy is shown by the objects of Count Lamsdorff's visit to Paris, which are admitted to be as follows: To communicate the results of the recent conference between the czar and Emperor Francis Joseph to explain the proposed interview between the czar and Emperor William; to discuss with Foreign Minister Delcasse the next move in Macedonia should the sultan definitely refuse to accept the Austro-Russian reforms.

Count Lamsdorff, while expressing the czar's satisfaction with the improved relations between France, England and Italy, seeks to know the full obligations undertaken by France. It is known that during the last few months France, on the quiet, has abandoned her attitude toward Russia and the St. Petersburg government now has taken serious alarm.

Reforms for Macedonia.

It is denied that Count Lamsdorff's visit is connected with the far eastern question, and it is affirmed by a high Russian authority that the most critical point in the Russo-Japanese negotiations was successfully passed days ago when for a brief time war seemed to be only a question of hours.

As a result of the conference between Count Lamsdorff and M. Delcasse, France will join with Russia and Austria in enforcing the new program of reforms in Macedonia. The reform scheme places the administration of the government of Macedonia in the hands of an Austro-Russian commission. France has been anxious to be represented on this commission, but Russia has objected. At the conference Russia's objections were withdrawn and France will share in the task of restoring order in the Balkans.

Visits President Loubet.

Count Lamsdorff arrived here with a numerous suite and the greater part of the day was taken up with visits of courtesy. In the afternoon President Loubet received Count Lamsdorff, who presented the president of the French republic with an autograph letter from the czar. The conference at the Elysee was exceptionally long, lasting one hour and ten minutes.

Baron d'Estournelles de Constant addressed the arbitration group of the chamber of deputies on the results of the arbitration movement. He said Denmark was now seeking arbitration without limitations, and France probably would concede Denmark's wishes. Treaties would soon be signed between Denmark and Norway and Sweden.

In the course of his remarks the baron gave the United States credit for initiating the movement, saying it was largely the outgrowth of President Roosevelt's insistent support of The Hague tribunal.

AN INSANE MAN AT THE TIMMONS FARM

Terrorized Neighborhood, Is Captured, But Escapes—Believed to Be Tom Malbon.

Shortly after one o'clock this afternoon a telephone message was received at Baker's drug store, over the interurban private telephone line, asking that the sheriff's office immediately send after an insane man who had been breaking windows and otherwise terrorizing the district in the neighborhood of John Timmons' farm. It was stated that the man had been captured but had broken away.

Probably Tom Malbon.

The Timmons farm is about three miles south of this city. Deputy Sheriff Wallace Cochran and Turnkey Roy Graves started for the scene of the trouble soon after the receipt of the message. The insane man is believed to be Tom Malbon who escaped from the county asylum a fortnight ago and to whose whereabouts no clue has been found up to the present time.

Tour of Inspection: Engineer C. W. Burkett of the Wisconsin Telephone Co., with headquarters in Milwaukee, visited Janesville yesterday on his tour of inspection. He was taken around the city by Manager W. J. Gallon.

Shot a Red Fox: Clarence Bullock shot and killed a red fox while on a hunting trip seven miles up river yesterday. The carcass measured a little over four feet from the tip of its nose to the tip of its tail.

## CHAMPIONSHIP A POSSIBILITY

JANESVILLE MAY WIN THE STATE CHAMPIONSHIP THIS YEAR.

### A GOOD GAME ON SATURDAY

Whitewater is a Strong Team and Well Coached—Gave Boys an Oyster Supper.

Football talk at the high school is most interesting these days. Never before has so much interest been shown in the team and its welfare as is now being exhibited and the recent victories over Lake Geneva and Waukesha has only redoubled the interest in the coming game with the Whitewater team. Janesville has a good chance to become the champion team of the state and every effort is being made to make it such. Practice games are played with just as much vigor and care as are the regular game and Coach Norris does not let an opportunity go by to improve his men.

Saturday's game promises to be a most exciting one. Whitewater has been coached carefully by Trant, the erstwhile quarterback of the Wisconsin varsity team, and according to his claims is the fittest team in the state. They play as snappy a game as the local team and have

A ROOTER

as good a record of victories to trail behind them to brag of. One advantage Janesville has which will do much to aid them to victory is the fact they play on their home grounds with a home crowd of rooters to cheer them on. Superintendent Buell is most enthusiastic over the prospects and he encourages the team to do their best by his hearty co-operation.

**Gave Oyster Supper**  
Before the game with Waukesha last Saturday Mr. Buell offered the members of the team an oyster supper if they defeated their opponents. Last night the supper was given and twenty of the glants of the gridiron met at Alderman Schmidley's restaurant and enjoyed a good supper and later spent part of the evening serenading the different teachers and friends of the team.

**Play Milwaukee**  
On November 14th Janesville meets the East Side Milwaukee high school team. This team is considered the best in Milwaukee and it is probable that if victorious on Saturday over Whitewater this game may mean the championship contest for

ONE OF THE COACHES

southern Wisconsin. On November 7th the South Side team was to have played here but owing to the fact that the state athletic board has now the arrangements for the Janesville schedule in their hands this game has been cancelled. It is probable that Janesville will be one of the two teams picked to play with two teams from the northern part of the state for the state championship and Eau Claire is talked of as the possible team to meet the Bowler City boys.

### JANESVILLE "HELLO GIRLS" WILL WEAR NO UNIFORMS

Unless the Wisconsin Telephone Co. Furnishes Them. The Milwaukee Editor.

A black skirt, a black waist, a white collar, and a black necktie comprise the uniform prescribed by the inartistic, hard-hearted, inconsiderate officials of the Wisconsin Telephone Co., at Milwaukee for the unoffending, helpless "hello-girls." Manager W. G. Gallon says that no such order has been received in Janesville and that none is expected. The chief operator voiced the opinion of the local central girls as follows: "Oh, we'll wear them if the company will furnish them."

## RURAL ROUTES IN COUNTY ASSURED

Postmaster Bristow Says That They Will Be Established as Recommended.

In response to anxious inquiries from all over Wisconsin including Rock county, as to the establishing of rural routes throughout the county, Fourth Assistant Postmaster Bristow announces that they will all be established as fast as possible. Little real information can be obtained as to the exact time but it is generally understood in Washington that everything is being hurried along with this end in view as fast as possible. The real trouble is the lack of funds on hand to establish all the routes at once and Wisconsin with other states must wait its turn which Mr. Bristow says will not be long. According to an estimate made at the department, the appropriation available will not be exhausted until February. A department official says that all of the county systems promised for Wisconsin would be ultimately established, but that there would necessarily be some delay. As soon as Gen. Bristow has completed his duties incident to the postal investigation he will take personal charge of the rural free delivery division.

## FIRE AT FAIR LAST EVENING

A Gasoline Stove Nearly Causes a Stampede at Sisters' Supper.

A stampede was narrowly averted at the Sisters of Mercy fair in the Assembly hall block last evening from a fire caused by an unruly gasoline stove. For a few minutes it appeared that a serious conflagration was likely. It was during the supper hour of the fair and the rest was being served at tables in the former hardware store of Mr. McNamara. The stove was in the rear of the room which was fitted up as a kitchen. As soon as the fire was noticed some of the employees of the hardware store next door were called and it was due to their cool and efficient help that the fire was so quickly under control and so little damage done.

The room in the first floor was filled with people at the time and the third floor also, where the fair was in progress, but the guests did not realize their danger until it was all over. The visitors to the various booths were many, in fact, the largest crowd of the week was present and the handsomely decorated hall and tables made the scene a picturesque one. Much credit is due to the management for the variety and quality of the articles offered for sale and to the merchants for their liberal aid given to the Sisters.

## LEAVES A PULPIT TO BECOME A BRIDE

Miss Jennie Gale Leaves Gridley Church in Beloit, To Wed Robert Irwin.

Miss Jennie Annie Gale, who has been pastor of the Gridley church in Beloit for four years, has deserted the pulpit to wed. She has handed in her resignation and will be married to Robert Irwin. Miss Gale came to Beloit from Vermont.

### NOTES OF THE GRIDIRON

The Minnesota players at present seem to be in better condition than those at Michigan.

The Michigan management is planning for a crowd of 20,000 Saturday. It is claimed that 11,000 seats are already sold.

Coach Stagg is on the sick list. This, together with a battered-up line, makes Chicago's stock go much lower for the Wisconsin game Saturday.

Cornell beat Bucknell 6 to 0; the Indians beat Bucknell 12 to 0; Princeton beat the Indians 11 to 0. Is Princeton, therefore, three touchdowns stronger than the Indians? Experts say that Harvard's team has undoubtedly improved since the West Point game. It is still erratic, however, and will take a lot of hammering to get in shape for the big games.

According to eastern critics, the Harvard coaches have too large and bulky a squad to handle properly. After the wedding-out process has taken place better results may be obtained from the promising material.

Coeds at the University of Wisconsin have organized a "yell club" to take part in the rooting at Saturday's game. The girls will have a section to themselves in the bleachers and expect to make a record for noise-making ability.

University of Chicago rooters are picking Michigan to beat Minnesota. The wish is somewhat father to the thought, as Chicago hopes to see the western championship narrowed down to Chicago and Michigan on Thanksgiving day. If the gophers should walk over Yost's men these hopes would be dashed to pieces.

Investigation into the influence of the new rules does not prove much to date. The smaller teams have scored less points than a year ago, and the larger elevens have scored more. There has been probably no diminution of injuries and it is a question if there has been more kicking. The one real benefit has been the opening of the midfield game, which has given the spectators a better chance to know what was going on.

Stagg is working hard with his scrub team this week, intending to have them in shape for hard scrimmages with the regulars. The second team is being drilled in the execution of Wisconsin plays.

## WILL MOVEMENT REACH THIS CITY?

PARLOR MATCHES TO BE BARRED IN MILWAUKEE.

### ARE CAUSE OF MANY FIRES

Prominent Cream City Citizens Express Opinions on the Subject.

Chief Klein does not place much importance on the movement which is on foot in Milwaukee toward the abolishing of parlor matches as a precautionary measure against fire. He hardly thinks that it will reach the point of passing an ordinance and there is little danger of the idea spreading to Janesville or other Wisconsin towns. The following is what a Milwaukee paper has to say on the subject: "Parlor matches will be unknown in Milwaukee in the near future if a movement among city officials can be carried out successfully. Chief Meminger of the fire department said yesterday that he will ask the city attorney to prepare an ordinance prohibiting their sale or use and will submit the measure at the next council meeting. The law will be introduced by Alderman Pass, of the 6th ward, who told the fire department committee last week his experience with parlor matches and expressed a determination to have their use prohibited.

"The subject was discussed informally at the meeting of the fire and police commission last evening, and it was agreed that such a law will be a benefit to citizens and insurance corporations. Members of the commission said the board of fire underwriters will favor the ordinance and give all possible support. "The parlor match is an evil which should be done away with and the sooner the better," said Chief Meminger, last night. "In New York state its use has been prohibited. An average of one fire a week is caused by parlor matches, and many of the casualties in this city in recent years can be traced to them. There are several kinds of matches which can be used, for instance, wax matches, safety matches, and the old time sulphur or 'light day' matches." "In the old country the parlor match is unknown," said Commissioner J. E. Friend. "All people carry the safety match and find it most serviceable."

"This ordinance should be passed by all means," said John F. Burnham, president of the fire and police commission. "I have seen many instances where it has resulted seriously, and one in my own family."

**TO CURE A COLD IN ONE DAY**  
Take Ely's Cream Balm. At druggists refund the money if it fails to cure. E. W. Grove's signature is on

## PLEASANT PARTY AT ROESLING'S

Progressive Cinch Was Played, and Guest of Honor Given Souvenir Spoon.

Miss Louise Roesling, 262 South Main street, was pleasantly surprised by thirty of her friends last evening. The occasion being in the nature of a farewell party as Miss Roesling left today for Milwaukee where she will study to be a trained nurse. During the evening she was presented with a souvenir spoon as a token of regard by her friends. Progressive cinch was played during the evening and at the close of the game bounteous refreshments were served by the guests. Miss Belle Connell and William Pierson won first prizes and Mrs. John Flynn and Edward Buss the consolation.

Stingers and Public Speakers will find Pilo's Cough an effective cure for hoarseness.

**Real Estate Transfers.**

William Ross and wife to John R. Flagler \$5500, sw 1/4 27-3-12, Janesville, Vol. 163d.

Mrs. E. M. Poorman, of 213 Academy street, president of the local W. C. T. U. was agreeably surprised by twenty or more of her white ribbon sisters Tuesday evening, the occasion being Mrs. Poorman's birthday. During the evening, Miss Caroline Palmer furnished several instrumental numbers and solos were rendered by Mrs. Warner, Miss Palmer and Mrs. Poorman. A silver spoon was given to Mrs. Poorman as a token of love from the union. The surprises were surprised by the presence of Mrs. E. E. Pratt, of Evansville, a prominent temperance worker. Delightful refreshments were served under the very efficient direction of Miss Maria Gibbs. After the song "Blest Be the Tie That Binds" and a word of prayer the guests departed.

## Nasal CATARRH

In all its stages.

Ely's Cream Balm

cleanses, soothes and heals the diseased membrane.

It cures catarrh and drives away a cold in the head quickly.

Cream Balm is placed into the nostrils, spreads over the membrane and is absorbed. Relief is immediate and a cure follows. It is not drying—does not produce sneezing. Large Size, 50 cents at Druggists or by mail; Trial Size, 10 cents.

## WITH LINK AND PIN.

Gossip of Interests to Railroad Men.

**North-Western**  
The almost depravity of a certain element of the passengers that travel on the railroads is set forth in a bulletin recently issued from Chicago. Conductors are advised that they are taking ride punches which come from their tickets and passing them back into the tickets again. The trainmen are requested to examine commutation tickets carefully, turning them over when time will permit.

About all the luxuries and comfort of life and a few of the next one were gathered together in strange confusion at the freight house this morning. Alongside half a dozen and stoves, was a half carload of groceries of every description, neatly done up in small packages, which are being supplied to Janesville consumers by a Dayton, Ohio, wholesale firm. Beans, baking powder, flour, coffee, tea, oil, tapioca, and other staples too numerous to mention were all mingled in sweet confusion. All of these goods bore the Dayton label. They are distributed here once a month, and the agent says a big business is being done in this city. Janesville grocers should wake up.

Engineer Charles Noel left yesterday for Holland, Michigan.

Engineer Duncan went to Fond du Lac this morning.

Conductor James York returned to his work on the Chicago & Watertown passenger run this morning.

Conductor J. McDonald has returned to his work on the Barrington run.

Engineer F. A. Shumway is relieving C. C. Riddell on the Barrington run.

Conductor Jesse McCaffrey is relieving Conductor Leahy on the Fond du Lac stock run.

Two trains of western stock bound for Chicago passed through Janesville yesterday.

**St. Paul Road**  
Engineer John Murphy, of the Mineral Point division is laying off.

The local passenger office has received orders to offer the fare and a third rate to Madison Saturday. Extra coaches will be put on all trains on the Chicago, Mineral Point and Prairie du Chien divisions. The Chicago university football team is expected to pass through Janesville over the St. Paul road some time tomorrow.

W. H. Dunbar, brakeman on the Prairie du Chien division, went to Madison today.

Operator Jacobs expects to resume work tomorrow morning.

To induce healthful sleep, and increase the appetite, so that you will enjoy everything you eat, drink, A. B. C. Family Tea, 25 c a package. Badger Drug Co.

**Sues for Civil Rights.**

Lexington, Ky., Oct. 29.—J. Alexander Chiles, a well known colored lawyer, has filed suit against the Chesapeake & Ohio railroad company for compelling him to occupy a seat in the colored compartment, while a passenger on a train.

**Employs Nonunion Miners.**

Coal Creek, Tenn., Oct. 29.—After a suspension of operations on account of a walkout of 400 miners, work in the mines of the Coal Creek Coal Company has been resumed. Union miners will not be employed.

**THE GERMAN SYSTEM.**  
It is of interest to note the comments of German banking authorities on the progress of the agitation in this country for currency reform. They are especially gratified that some of the recent plans suggested notably that of Secretary Shaw for an emergency circulation, is based in principle upon the system which has been established there, says the Wall Street Journal.

It is in fact to Germany that most of the advocates of credit currency point for practical proof of the strength of their theory. Mr. Hepburn, in his recent book on "Sound Money," for instance, devotes some space to a consideration of the German system, in the course of an argument for the establishment in this country of a bank note currency based upon bank assets. The Imperial Bank of Germany is authorized to issue 470,000,000 marks of uncovered or asset currency. It may also issue circulation in excess of the authorized, uncovered, issue, subject, however, to a tax of 5 per cent upon such excess. The elasticity of this system is shown by the fact that in the year 1900 the note circulation of the Imperial Bank varied greatly in the different months, the highest amount being 1,403,000,000 marks in December, and the lowest amount being 1,090,000,000 marks in May. In March the excess circulation was 238,000,000 marks and in June 330,000,000 marks. Although the tax on the excess circulation was at the rate of 5 per cent the bank loaned money at the same rate, and in some months actually at a less rate than the tax. Thus, upon its excess circulation, the bank derived no profit. German financiers believe that this emergency circulation enabled Germany to pass through the commercial depression in 1900 and 1901 with avoidance of serious disaster.

This is, indeed, a strong practical argument in favor of emergency circulation such as is advocated by Secretary Shaw and by other American financiers. The argument, however, is met by the objection that in Germany this note issue is centered in a great central bank under special government protection and backing, while in the United States any such credit circulation would be distributed among some 5,000 national banks throughout the United States, many of them remote from the financial centers, of small capital and managed by men of limited business experience.

On the other hand, the advocates of credit currency argue that the national bank system in the United States has the advantages and strength of the same principle of federation on which our government is founded. In other words, it is contended that the national banks bound together under the federal law, subject to the comprehensive government inspection, have much of the stability which attaches to great central banks such as are features of European banking. Moreover, it is argued that the mortality among national banks is very small and the losses occasioned by such failures would be amply insured by the fund created in the treasury as a result of the tax upon the circulation. But, however, powerful the argument based upon German experience may seem, it is clear that the people of the United States are not ready to enter upon any radical departure from the method so long employed here and with which they are so familiar. Moreover, there is a strong sentiment among conservative bankers in this country that if we adopt any system of general asset, or emergency, circulation, it must be based upon the same proportion of gold reserve which is now required to safeguard our deposit currency.

Alumni of the university have lost a true friend in the death of the Hon. Brezco J. Stevens of Madison. He was a friend of every man who was worthy and many a young man throughout the state remembers him and his kind acts.

At the recent meeting of the Medical men, Dr. Whiting, senior, was much honored by the association of which he is a valued member.

Judge Clifford, of Chicago, passed a sentence of exile against a shop lifter who was convicted of the crime in his court.

Janesville has a humane society that means business and will see that its laws are enforced.

Now the navy department has discovered that war is going on down in San Domingo and has made ready to send a gun boat to look after affairs.

## MILES AGAIN.

Gen. Miles in the last year or two of his service did some strange things, and one of his last recommendations before retiring was about as startling to his brother officers as any of the rest of his doings had been to the general public. He maintained that the development of modern firearms had rendered cavalry useless, and recommended the abolishment of that expensive branch of the service and the organization in its stead of a corps of expert in the use of automobiles, bicycles and motorcycles. Some newspapers took note of the suggestion at the time, but in the army there was a murmur of silence. At last Gen. Merritt, himself a cavalry officer, has undertaken to discuss the subject in a military magazine. He considered Gen. Miles' recommendation as "incomprehensible." He asserts that at least nineteen-twentieths of the army regard the proposal as extreme folly. He regards the cavalry not only as important as ever, but more important, and likely to increase in importance as time goes on. He brings to his support the opinions of European military authorities, one of whom points out that all of the lessons taught by the Boer war none is clearer or more universally accepted than the need of cavalry. This officer also asserts that while the automobile and bicycle may be useful in a country like France, with good roads everywhere and many of them, they are even there considered only as a toy. They would be useless in actual warfare for aggressive purposes, or even for courier or transport service where the roads are bad.

The old Girard theatre in Philadelphia has burned to the ground. Thus passes another historic landmark of the Quaker city.

Boss Quay still holds the reins in Pennsylvania and Roosevelt has just appointed his son to a fine position in recognition of the senator's able work in his behalf.

It is a time for republicans to get together when Grover refuses to talk and "Billie" Bryan has proved himself to be such a bad boy.

Free silver and empty dinner pails seem to have passed into the background.

After twenty-five years an Indiana man has been arrested for a murder committed while in a drunken rage.

Miss Roosevelt has come to Chicago and now Chicago has come to the horse show to see Miss Roosevelt.

King Equine rules the roost in the Windy city just at present but the next great exhibit will doubtless be that of a horseless vehicle.

Allentown has a murder mystery that rivals many a good detective story.

It takes but a rumor of unsoundness to start a run on any bank in the country.

St. Louis has a nice outlook for trouble with a world's fair coming and a strike of expressmen at present.

Seventy thousand miners in Pennsylvania are having a vacation which will last until after November with no coal being mined.

Senator Spooner is looked upon as the Roosevelt leader in the senate at the coming session.

Chicago is having another upheaval of graft and justice has taken off the bandage from her eyes to see all that is doing.

At the recent meeting of the Medical men, Dr. Whiting, senior, was much honored by the association of which he is a valued member.

Judge Clifford, of Chicago, passed a sentence of exile against a shop lifter who was convicted of the crime in his court.

Janesville has a humane society that means business and will see that its laws are enforced.

Now the navy department has discovered that war is going on down in San Domingo and has made ready to send a gun boat to look after affairs.

## PRESS COMMENT

Colfax Messenger: A Milwaukee preacher is said to have recently contracted for a regular advertising space with the Sentinel, which indicates that sensible men are coming to think that religious matter should be placed on a business basis, and not be run on a "something for nothing" plan any longer.

Milwaukee Sentinel: Rear Admiral Bradford's objection to a certain class of battleships because they can not shoot accurately in heavy seas will call forth a suggestion from populists that heavy seas be abolished by law.

New Orleans Times-Democrat: A woman can hardly look at a man on the level. She will either look up to him or else look down on him.

Chicago Record-Herald: They have indicted a capitalist out in Kansas for fencing in government land and using it for his own profit. There is another gentleman who will probably have a poor opinion of the law.

Pittsburg Gazette: The South Carolina editor will hereafter double-lead the fellow who objects instead of his paragraphs.

The Commoner: The telegraph informs us that six inches of water fell in New York City within twenty-four hours last week, but we are left in ignorance whether it was a stock burst or a cloud burst.

St. Louis Globe-Democrat: Dr. Willey's experiments to determine the amount of alum a healthy man can stand will be watched with eager interest by scientists and statesmen in Missouri.

La Crosse Leader and Press: Joseph Chamberlain continues to preach to the British on the advantage of placing a tax on food stuffs and thus increasing the cost of living. And the English voters continue not to see the point.

## ENGINE CRASHES THROUGH BRIDGE

Engineer of Thresher Jumps to Save Life—Wrecking Crew Has Ten To Scene.

With a crash that could be heard far into the surrounding country, Alfred Austin's immense threshing engine yesterday afternoon went through a bridge into a deep ravine, six miles east of Janesville. The accident happened at 2:30 o'clock and word was immediately sent to the Chicago, Milwaukee & St. Paul wrecking crew for help. Some of the men left the city at once for the scene of the disaster, which was near the J. Menzies farm in the town of Harmony. Austin was guiding the engine at the time but saved his life by jumping from his machine at the first intimation that trouble was coming. The ponderous apparatus had hardly moved well onto the rail and worn out structure before the cracking timbers warned the engineer that all was not well. As the steamer struck the bottom of the gully it rolled over on its side and sank deep in the mud of the small creek that wandered through the ravine. At the time of the break-up the engine was pulling a water tank and at the rear end of this wagon a pair of horses was secured. The connections broke as the machine went down, however, so the tank and animals were saved. The engine was a new and costly one bought only this summer and the expense of getting it in good condition again will be great.

## ENDEAVOR TO DEFEAT PRESIDENT D. M. PARRY

New Yorkers Start Movement to Elect More Conservative Man to Head Manufacturers.

Chicago, Oct. 29.—"Anything to beat D. M. Parry and take him out of the Industrial Intelligence?"

With this slogan New York employers came to Chicago yesterday prepared to demand that the National Employers' association, which is to be formed in Kimball hall to-day, turn down Parry and elect as its first president some man of greater conservatism.

For hours the promoters of the new organization wrestled with the problem of "Parryism." No one mentioned his name in the preliminary meetings, which were held at the Annex, but they fought over his plans for running the association, the system of representation, and whether or not control should be in the hands of a few men.

The aggressive faction was in favor of a full set of officers, to be elected in regular session. The anti-Parry faction wanted control to rest with a committee of fifteen and demanded that this body have the power of electing the officers. The controversy between the two factions lasted all day and until late at night.

Marshall Cushing of New York struck the first blow at Parry and his following by suggesting the general committee of fifteen. This met with protests when the Parry men found that the suggestion was designed to defeat their candidate. No definite action was taken, and the fight will probably go to the convention, which, according to Parry's friends, will be controlled by him.

Rob Aged Couple.

Memphis, Tenn., Oct. 28.—A Ku Klux gang, robbed 80-year-old John Moore in Beaver Creek, Ky., of \$150 and then beat him into insensibility. Then they attacked his aged wife and whipped her. Moore will die.

Disappears From Steamer. New York, Oct. 28.—Thomas Hall, a steerage passenger from Manchester, disappeared mysteriously from the American liner Nordland during the trip, and it is believed that he was thrown overboard.

Chas. W. Hall, 31 South Main Street.

## A Man of Letters. Burkhart Joins "Halley".

The sign maker has another card to play in the form of an expert on Gold Leaf or Window Lettering work. Burkhart, the now man hails from Milwaukee. His lettering in Roman, Half Tone, Block, Script, Lower case, German Type and Old English makes your name stand out correctly. There is nothing in the line of sign or outdoor advertising work that "Halley" is not proficient in. Samples of lettering will be brought to you if you telephone or write.

Unique Painting.

Hoarahound Drop.

15c. a lb.

## Janesville Candy Kitchen.

## Profit Talks To Merchants

The best light is not the cheapest but the cost of any but electric light is not to be measured by any meter other than the shrinkage of the merchant's profits. Signs and excellent window lighting are his best two advertisers.

Both are now admitted failures unless the possibilities of incandescent electric light are made use of.

Janesville is justly proud of its retail stores but illuminated signs are but sparsely used and many dark and poorly lighted windows are a source of loss to their owners.

### CALENDAR AT MYERS GRAND

Oct. 27—Stetson's "Uncle Tom's Cabin."  
Oct. 31—Andrew Robson in "Richard Carvel."

Richard Carvel.  
In the duel scene, the climax of the third act, "Richard Carvel" in which he plays the name part, Andrew Robson is said to give an exhibition of fencing that is rarely seen outside of the regular matinee d'armes. He is a very expert fencer having worked with some of the best matres d'armes in this country and in Europe. Mr. Robson is said to

have an elaborate scenic production of this successful play and to have costumed it very handsomely. Mr. Robson, who will be seen at Myers Grand on Saturday evening is reported to be supported by an excellent company including Lucille Veronica, Priscilla Knowles, Virginia Milton, Josephine Adams, Adelaide Hager, Marguerite Gallagher, Harry Connor John W. Bennett, J. K. Newman, Carson Davenport, J. J. Sambrook, Thomas Haddock, Burton Downing, H. B. Carter, Arthur Bentley, Hale Norcross, William Wallace, George Sanderson and Spencer Evans.

## ...Forty Years Ago...

Janesville Daily Gazette, Thursday October 29.—If Garibaldi has not been prominently before the public of late, let it not be imagined that he is forgotten by the Italian people. In Naples they would prefer him as a king to Victor Emmanuel, and here in Lombardy his name and memory are held in the fondest affection. The gates through which he entered Como and Milan are now both known as the Porta Garibaldi. In every house, rich and poor, his picture is on the walls. Even the common crockery in household use has Garibaldi's portrait and Garibaldi's feet upon its surface. The landing at Marsala stares at you from your soup plate and you bury the taking of Palermo in roast meat and potatoes. Everywhere is Garibaldi; and the pensive, earnest face, the simple unpretending garment, the heroic, patriotic man, never once tires the eye or the thought. The Italians love him as much now, amid the quietude of common place peace, as when he led the Thousand from Marsala to Naples, and handed a kingdom over to his king.—Correspondence.

stated briefly the object of the convention. On motion of Ira Millmore, Messrs. Bennett, Conrad, Patten, and Burroughs were appointed tellers. The motion of Willard Merrill, the convention proceeded to an informal ballot for member of assembly, which resulted as follows: H. A. Patterson, 126; H. Richardson, 132; John P. Dickson, 2; A. E. Burpee, 1; H. S. Conger, 2; Alex. Graham, 1; waote number 264. The convention then proceeded to a formal ballot, which resulted as follows: H. A. Patterson, 152; H. Richardson, 173; J. B. Cassidy, 1; C. E. Haywood, 1; J. W. Story, 1. Whole number 328. Mr. Richardson having received the majority of all the votes cast, was declared the nominee of the convention. On motion of Wm. L. Mitchell, WM. TALLMAN was declared the unanimous nominee of the convention for supervisor. The convention then adjourned.

A. HYATT SMITH, Pres.  
A. A. Jackson, and W. L. Mitchell, Sec's.

## LAW DECISIONS FOR LAYMEN

Recent Court Rulings That Will Interest the Busy Reader Very Much.

**Lotteries.**  
The trading stamp business, consisting of the selling of checks or stamps to merchants who give the same to their customers on purchase of goods, the number of stamps given being determined by the amount of the purchase, and which stamps, on presentation at the trading stamp store, entitles the holders to select any article from an assortment of articles, each article being plainly marked with its value. In stamps, and such value not being greater than the marked value of the article does not amount to lottery, or device of like kind, or gift enterprise, within the statute denouncing lotteries, gift enterprises, etc., 35 Southern Rep. (Alabama, Judge Howell,) 28.

**Partnership.**  
A partner who, without notice to or knowledge of his partner, takes substantially all the ready money of the firm, and absconds, remaining away eight months without disclosing his whereabouts has no standing in a court of equity to demand an accounting after his copartner has wound up the business and paid the partnership debts. 96 Northwestern Rep. (Nebraska, Judge Pound,) 144.

**Municipal Corporations.**  
An ordinance making it unlawful to circulate or distribute printed or written dodgers, hand bills, or circulars upon the public streets, alleys, sidewalks, or public grounds of the municipality, is not unreasonable nor invalid because it may affect incidentally the exercise of some right guaranteed by the constitution. 96 Northwestern Rep. (Nebraska, Judge Pound,) 149.

**Publication of Libel.**  
While the sending of a libelous letter to the person defamed does not amount to publication thereof, where the sender so addressed it as that in ordinary course it will reach a third person, and as a natural result it does reach and its contents become known to such third person, there is a sufficient publication. Hence, where a libelous letter concerning plaintiff was sent by mail, addressed to plaintiff's employer and plaintiff jointly, and delivered at her employer's shop, where it was found by plaintiff, and turned over to her employer, who read it, held, that there was a publication. 96 Northwestern Rep. (Nebraska, Judge Pound,) 158.

**Telephone Wires.**  
Where a telephone company, having previously maintained a telephone in a store, on being requested to remove the same removed the instrument, but neglected to remove the wires, merely twisting the ends of the wires together inside the building, and by reason thereof lighting and injured plaintiff, who was lawfully in the store on business with the proprietor, defendant's failure to remove the wires from the building was negligence, entitling plaintiff to recover for the injuries sustained. 34 Southern Rep. (Alabama, Judge McClellan,) 1020.

**A GUARANTEED CURE FOR PILES**  
Ulcer, Bleed, Bleeding, Protruding Piles. Your druggist will refund money if PAIN OINTMENT fails to cure you in 5 or 14 days. Price 50 cents.

## LABOR TALK FOR WORKMEN

Gossip From All Over

The strikes are still on at Bridgeport, Conn., Columbian, O., Oil City, Pa., Joplin, Mo., Springfield, Ill., and Titusville, Pa., in the boiler making industry. Trouble has been settled in Cleveland, Detroit, Buffalo, Grooten and Pittsburgh.

Motormen and conductors of the Sandwich, Windsor and Amherstburg Can. Street Railway are asking for an increase in wages.

The Western Federation of Miners and United Mine Workers of America will form an alliance for the purpose of fighting organized capital in the Cripple Creek district within the next ten days. The plans will be perfected next week, when President John Mitchell of the Mine Workers, and Charles Meyer, president of the Western Federation, will meet. It is understood that both organizations will remain separate, but there will probably be a joint committee working in the interest of each of the national unions.

An order has been issued by the U. S. Circuit Court at Little Rock, Ark., temporarily restraining members of the local branch of the Brotherhood of Railway Expressmen from interfering in any manner with new employees of the Pacific Express company. In the company's complaint it is alleged that it is unable to fill the places of the employees who struck because of interference on the part of the strikers and their sympathizers.

The Ohio plant of the Carnegie Steel company at Youngstown, which employs 2,500 hands, has shut down all its departments for one week, and may continue closed another week unless the condition of the market improves.

More than 8,000,000 of the 13,500,000 people in Mexico do not work. Counting out the children and aged there remains 3,774,148 producers who produce nothing absolutely. Then—and here an astonishing figure—there are in domestic service 1,488,024, as against 116,000 of dignified salary earners.

S. B. Boulton, chairman of the London Labor Conciliation and Arbitration board, was recently in San Francisco, from Honolulu on the steamer Sylva on his way to England in discussing the work of the board. Mr. Boulton says: "I do not believe in compulsory arbitration and I do not think it is possible anywhere. The questions brought before it have been voluntarily. No labor organization is compelled to have its labor difficulties arbitrated by our board merely because it has representatives on the board."

The Executive council of the American Federation of Labor has published the following in regard to the "open shop."

"In view of the publicity given this subject, the executive council of the American Federation of Labor takes this opportunity to say that trade union movement stands for strictly union shops, experience having proved that where the 'open shop' system has been tried reduction in wages and profits have ensued, with general disaster to the industry practicing that system, and therefore declares that the best interest of the labor movement calls for the employment of union workers and discourages, in every way, shape and form, the deteriorating effects which follow the recognition of the 'open shop'."

The Illinois State Board of Arbitration has decided not to make an investigation of the grievances of employees of the United States Express company.

## Why Not Decorate

your home artistically? Stop and examine the pictures on your walls at home. Are they faded and the frames tarnished or marred? Are there as many as there should be and do they harmonize with their surroundings?

## The Most Refining Influence

of modern times is pictures, and every person owes it themselves and those around to decorate the home artistically. The expense is trifling in proportion to the result accomplished. Ten dollars in pictures will do more to give an air of comfort and homelikeness to a house than a hundred dollars in furniture.

## The Manufacturers Profit

is all we charge. Remember that our factory is right here in Janesville and we make everything we sell. Our stock consists of over 6,000 subjects and we can suit any taste in framing.

## Come and Look Around

even if you do not think of buying. We have hundreds of people come in merely to see and enjoy the pictures. Everyone is welcome and you will not be bothered with efforts to coax you to buy. You may see something you like or that you know some friend is looking for.

## Our Prices

are within the reach of all. We have regular lines of framed pictures from 25 cents up.

## ART STUDY CO.

15 W. Milwaukee St. Open Wednesday and Saturday evenings.

# BORT, BAILEY & CO.

## CLOAKS SUITS SKIRTS FURS

We are showing over \$10,000 worth of New Fall Goods in our GLOAK DEPARTMENT.

We offer 50 Ladies' Jackets at \$10 each. The best Jacket for the money you ever saw.

We offer 50 Ladies' Walking Skirts at \$5 each. The best values you ever saw.

We offer 300 Misses and Children's garments from \$3 to \$15 each. The noblest line in town.

We offer 200 Ladies' Fine Scarfs, the latest shapes and the finest furs at lowest value.

We offer throughout our GLOAK AND FUR DEPARTMENT a well assorted and first class stock, bought cheap for cash and sold cheap. We give you good, honest goods at honest values, and if you trade with us you will get your moneys worth.

We show \$10,000 worth of New Goods in our Cloak and Fur Department.

Glass Workers to Strike.  
Anderson, Ind., Oct. 29.—President John Phillips and the executive board of the Window Glass Workers of America, after a conference here with Manager Fairre of the Union Glass company, ordered all members of the Window Glass Workers' association to quit work at the Union company factory Saturday.

Mine Owner Runs Amuck.  
Tucson, Ariz., Oct. 29.—Alexander Casey, a wealthy mine owner of Turquoise, Ariz., walked into the Willard hotel here, of which he is the owner, and began to shoot in every direction. Casey seriously wounded Constable Pacheco. Other officers then began to shoot and Casey was probably fatally wounded.

## MARION B. SAYLES DIED THIS MORNING

After a lingering illness—She Was Seventy-Five Years Old, and Had Lived Here 40 Years.

Mrs. Marion B. Sayles, one of Janesville's old residents, passed from this life at her home, 164 South Franklin street, at two o'clock this morning. For a number of months the weakness of old age had been greatly reducing Mrs. Sayles' physical strength, though her mind retained its wonted cheerfulness and vigor almost until the last. She was born in Whiting, Vermont, on Sept. 16, 1825 and in 1852 was married to Thomas A. Sayles at Rochester, N. Y. They came to Janesville in 1860 and the family home has been in the city ever since. Mr. Sayles, who was an invalid for some years, died in 1881. Both Mr. and Mrs. Sayles were members of the Congregational church and Mrs. Sayles' interest in all that makes for the advancement of Christianity was strong and devoted. Her own particular sphere was in her home and among her friends and neighbors. Here her simple faith, her thoughtfulness of others and her constant cheerfulness of spirit were sources of unfailing refreshment and inspiration to all who knew her. Mrs. Sayles' life was marked to the very last by a delight in children and a rare ability to sympathize with them and understand them. Her mind was active and she kept a keen and broad interest in all that is going on in the present day world. Her daughter, Miss Bertha M. Sayles, two brothers, Albert H. Walker, Esq., of New York city, and Rev. Edwin S. Walker of Springfield, Ill., and two sisters, Mrs. L. H. Washington of Springfield, Ill., and Miss Fannie Walker of Hartford, Wis., survive her. Mr. A. H. Hall of this city is a cousin of Mrs. Sayles. The funeral service will be held at the home on Saturday afternoon at two o'clock.

## POSTPONE THE CHARITY BALL

Many Janesville People Had Planned To Attend the Swell Madison Function.

Owing to the death of Hon. Breeze J. Stevens of Madison the Attie Angels have postponed the charity ball which was to have been held on Friday evening. Many Janesville people had planned to attend the dance which is the swiftest society event in Madison society during the year. The decorations arranged for equalled those of the junior prom of last February and everything had been done to make the ball a success.

## MUST WAIT FOR SOME TIME YET

Will Be in Post Office by Christmas Day at Least—Considerable Work Yet to Be Done.

When asked this morning as to whether the post office would be ready for occupancy by December 1, Inspector King said that the report going the rounds to that effect was wrong and that it would not be safe to say that the new building could be used before the fifteenth of December; that there was still considerable work to be done.

Mr. King has had much experience in this business as superintendent of construction of public buildings, is probably best qualified to state how long it will be before the new quarters will be ready. The clerks will get into their new home by Christmas anyway, so the time will be appropriate.

Among other things which must be done, are the installing of the radiators and the connecting up of the entire heating plant. Then the gas and electric light fittings will have to be put in place and other metal trimmings. Some of the wood work has yet to be varnished and a few of the rooms.

The second floor is about furnished and will only need to be cleaned before the rooms can be used. This part of the building is not to be put in use at first.

There are three carpets which have been contracted for, but these have not yet been ordered. One will be for the postmaster's room, one for the registry department and the third for the money order division. Uncle Sam has occupied the present structure for the past twenty years and the department has been much handicapped of late, the increased business needing larger quarters in which to handle the hundreds of letters which night and day are pouring into and from the mail sacks in ever increasing numbers.

## CLAIMS AGAINST FARDY ESTATE

Brewers Made Statements Before Judge Salt—Case Came Up Yesterday—Is Continued.

Claims against the Fardy estate were heard before Judge Salt yesterday and the case is continued today. The people having presented claims were mostly brewers who formerly had accounts with the saloon which was run by the deceased. Fardy met his death in a Chicago hotel fire one year ago and nothing had been heard of him towards settlement of the outstanding bills and accounts.

Swimming in Dead Sea.  
The human body being lighter than the water of the Dead sea, swimming in it is not difficult, the head alone tending to sink in the water.

## WIFE OF BOOTH-TUCKER IS REPORTED KILLED

"Little Mother" Is Said to Have Been Fatally Injured in Wreck on the Santa Fe.

Marcelline, Mo., Oct. 29.—Commander Booth Tucker is reported fatally injured and his wife, Mrs. Booth Tucker, is said to have been killed in the wreck of the Santa Fe special passenger train which was wrecked at Dean Lake, between Bosworth and this city.

Commander Booth Tucker, it is said, was dying when the relief train left Dean Lake, and his wife, it is asserted, died half an hour after the wreck. They were the only people in one car.

The wreck occurred at the Big Steel water tank and the train struck the structure with such force as to move it five feet from its foundation and throw five cars from the track.

Several other persons were injured in the wreck, some of them seriously. The list of injured so far as known is as follows: Mrs. Baden, Winfield, Kas.; Booth-Tucker, commander Salvation army; Max Goldsmith, Col. Holland of the Salvation army; Elmer Harris of Chicago; John R. Schermerhorn, Denver.

## Danderine

GREW THIS HAIR.

Testimonial No. 844.

MRS. DOROTHY CLARK,

2130 Greenway St., Chicago.

Put the scalp under the normal condition, and the hair & it has a healthy growth of hair, and it must be kept clean and healthy to insure a good crop of hair. The hair is a product of the scalp, and all the treatments in Christendom will do no good, unless they are specifically efficacious in the cure of the diseases peculiar to the scalp. NOW at all druggists, three sizes.

25c., 50c. and \$1.00 per bottle.

KNOWLTON DANDERINE CO., Chicago.

For sale and guaranteed by People's Drug Co. & King's Pharmacy.
